Portable Tri-Fold Office Partitions - \$269.99 (Plus tax) Shipping Additional

Adhesive backed feet grips available for additional support (4" "T" Channel with 2 sided tape) \$6.00 Each

These light weight, U-shaped partitions are perfect for a communal work environment. The 3/16-inch thick acrylic barriers protect each individual from their surroundings, creating a safe space for employees to work. The acrylic material makes it easy to clean and disinfect as needed. Each barrier comes with two plastic hinges to simply slide into the side panels, making them quick and easy to assemble and transport around the office. For a more permeant installation, you can add on adhesive backed feet grips to hold the partition in place. The barriers are equipped with a built in 18-inch slot in the front to safely move materials in and out of the space. Call us to customize your partition with your company logo or lettering of choice. Custom sizes are available as well as, discounts for any bulk orders.
