Acrylic Personal Protection Barriers - \$149.99 (Plus tax) Shipping Additional

Adhesive backed feet grips available for additional support (4" "T" Channel with 2 sided tape) \$6.00 Each

These acrylic desktop barriers sit perfectly on any type of flat surface. Adding barriers to your office is a proactive way of keeping both employees and customers safe. The goal is to obstruct airborne bacteria and germs from passing from one person to the other. Assembly includes sliding the base into the feet and then you are set to operate. They are easy to clean and disinfect and can be transported hassle free. Each barrier comes with an 18-inch pass-through slot at the bottom so that materials can effectively move in and out of the safe space. Call us to customize your barrier with your company logo or lettering of choice. Custom sizes are available as well as, discounts for any bulk orders.
